*As we look back  
in this mirror of time  
We see the reflections  
of joy and laughter  
And promises for what  
we might someday be  
With hopes that tomorrow  
may bring us to know  
What life is really all about.*

*To find our goals  
and the dreams we seek  
And to smile and say  
thank you in some kind of way  
Is to have known just a little  
about the reflections of life.*

Then they toured the Arlington National Cemetery where they witnessed the precision movement of the changing of the guard. The highlight of the tour was going to the Capitol building where Congressman Earl Landgrebe presented the group with a U.S. flag that had recently flown over the Capitol.

They topped off the Homecoming activities by raffling off the football used during the game.

## *FCA meets Nicki Cruz.*

The Fellowship of Christian Athletes was an organization designed to give young men a chance to put Christ first in their lives. It developed a fellowship based on a common interest in sports combined with a practical and primary need for Christ. The club went to Plymouth H.S. to see a former New York gang leader Nicki Cruz. He has turned to Christ and presently spends his time talking to students about how much better his life has become.

It seems they got a moment's rest.

The intramurals consisted of many boys not involved in winter sports who liked to participate in athletics within the school. All of the boys involved divided into teams and played basketball games against each other weekly. Many faculty members also got involved by forming a men's team and played against most of the student teams.

The guys played hard to win the game.

The DECA homecoming float won first place in the Most Appropriate to Theme category.

DECA stood for Distributive Education Clubs of America. This club was unique in the way that the senior members met each day as a class then were dismissed for the last three periods to work. They received both a classroom grade and a grade at their jobs. The club participated and did very well in local, district, and state competition with other DECA clubs. There were many helpful experiences learned and practiced throughout the year.

The Speech Club was built around the competitive nature of public speaking. Students from each grade who were members of the Speech Club competed as a Speech Team. The Speech Team participated in tournaments held on Saturdays during the winter months, and competed for team and individual recognition. The areas of competition during a meet included radio broadcasting, poetry reading, original oratory, girls and boys extemporaneous speaking, discussion, impromptu speaking, dramatic interpretation and humorous interpretation. In the future the team planned to become more active in the area by hosting a Junior High Tournament with our local schools.

In the spring the club produced a play called *You Can't Take It With You* under the direction of Mr. Zerkel and Mr. Robbins, sponsors of the Drama Club. The Drama Club adapted a new name for their group, The Fourth Wall. The Fourth Wall represented the imaginary wall between the actors and the audience.

During every home basketball game the FHA held a coat check. In the spring they sponsored a mother, daughter banquet with a style show to top off the evening.

## *The FTA changes its name*

Charlie Packer, Shannon Hall, and Kim Shipley tried to win a game during the Fall Dressdown.

Alice Gunden and Debbie Miller prepared Christmas plates for teachers.

The SAE's theme for the year was "Get Involved," and they did get involved. They had an elf program and the members made Christmas plates for teachers. They were involved with the school and community by sponsoring a Swap Day, giving the mental health patients gifts at Christmas, entering a float in the homecoming parade, and holding an exchange day with Columbia City students. Once again the club held a Fall Dressdown and had ISTA films about the teaching profession, observing the Jr. High and elementary schools for ideas.

There were approximately twenty members and the club was sponsored by Mr. Zerkel and Mr. Robbins. At the first of the year there was a great deal of emphasis on the instruction and learning of chess followed by a period of competition. The club hoped to start an annual Wawasee chess tournament and possibly active competition with area schools.

The Juniors spent the 73-74 year making money for their senior activities. They were kept busy with football concessions and magazine sales. Two academic activities they participated in were the PSAT and SAT tests. Even with all their busy activities, they found time to show their spirit by winning the spirit stick during a football pep session.

*in never falling . . .*

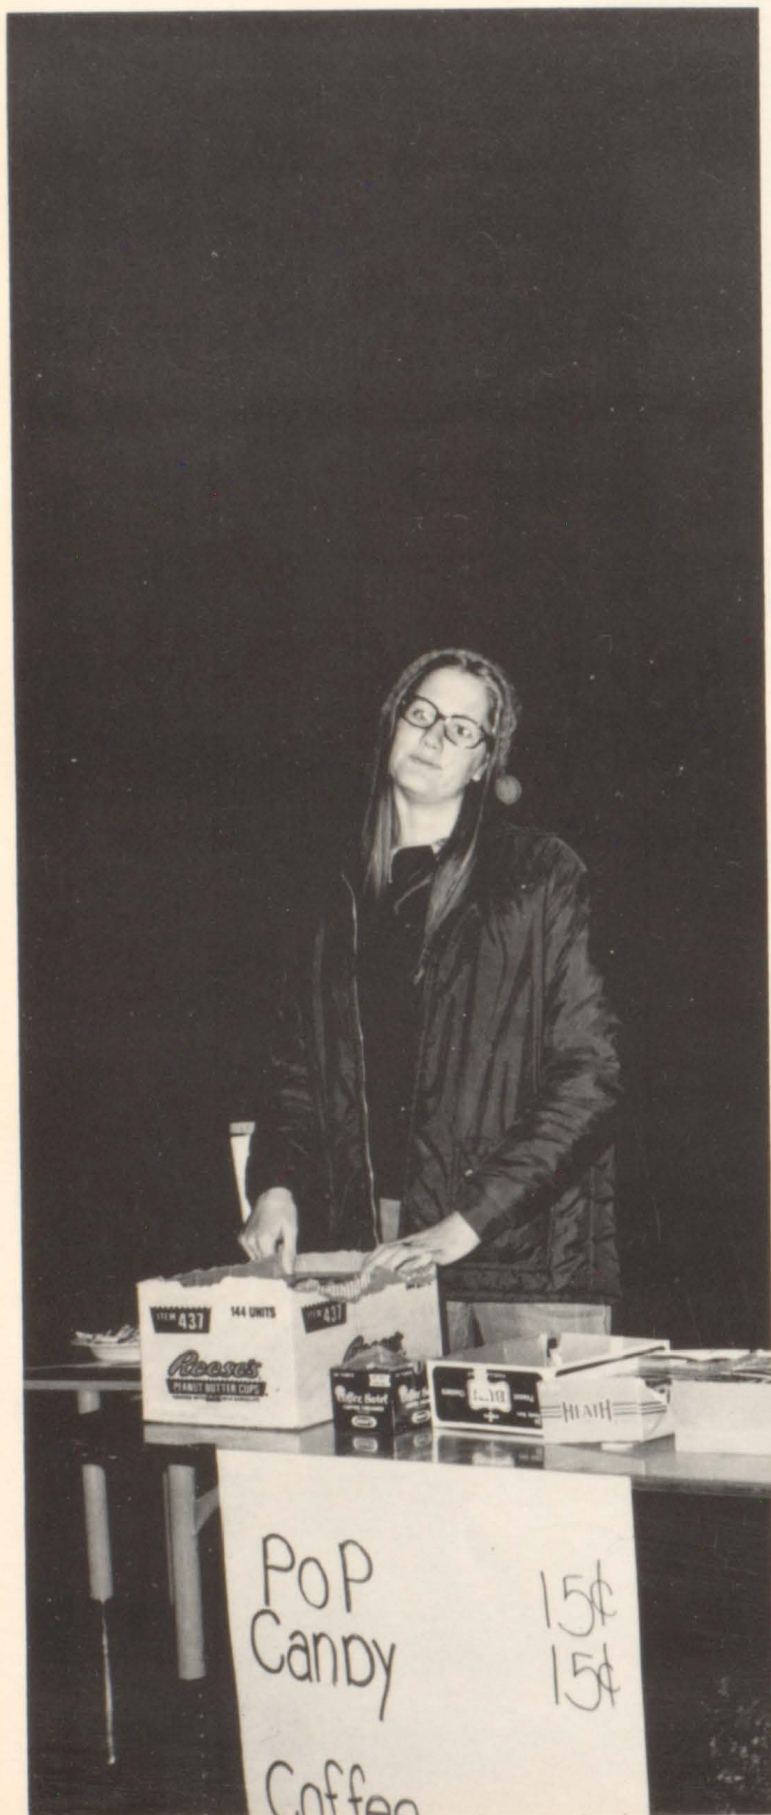

The '73-'74 year for the Sophomores was a mixture of first time experiences and traditions. They had a class party on February 23 at Mt. Wawasee. Following the Wawasee tradition the Sophomores struggled through their NEDT tests and mandatory Health class. They started a new tradition with their rotating English classes, giving them a chance to experience different Language Arts teachers and were the first class to have the Career Education class instead of speech. All in all they had a year full of a mixture of feelings and experiences.
